METHOD OF MAKING GOLF BALLS

## RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

Commissioner for Patents PO Box 1450 Alexandria, Virginia 22313-1450

Sir:

In response to the Examiner's Election/Restriction dated March 12, 2004, the Applicant elects to pursue the claims of Group A. During a March 18, 2004 telephone conversation, the Examiner clarified that Group A contains claims 25-32. Thus, claims 1-32 and 37-41 will be examined.

Furthermore, it appears the claims of Group II should be examined along with the claims of Group I. In distinguishing the claims of Groups I and II, the Examiner stated that "[i]n the instant case the golf ball can be made by a different process such as injection molding." However, the claims of neither group are limited to a particular manufacturing process.

Should the Examiner feel further communication would help prosecution, the

Examiner is urged to call the undersigned at the telephone number provided below.

Respectfully Submitted,

Sean P. O'Hanlon
